
Back Pain Surgery

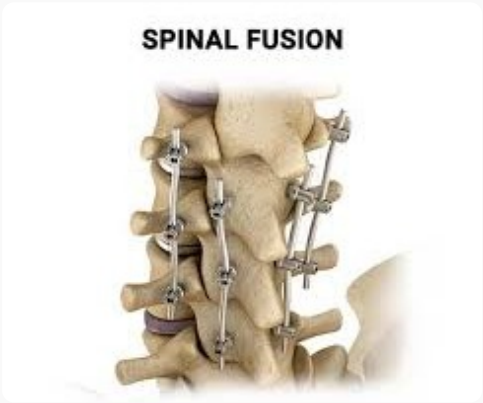
Expert spinal care to relieve chronic back pain and restore mobility

Book Consultation

About Back Pain Surgery

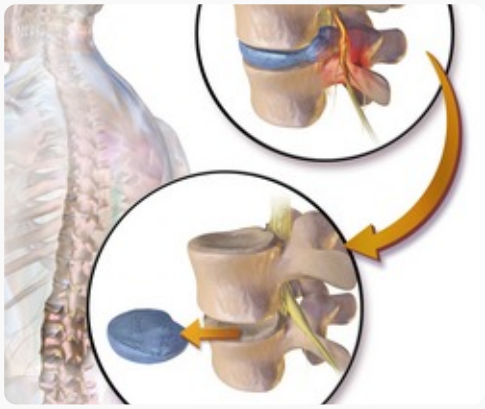
Chronic back pain can result from disc herniation, degenerative spine disease, spinal stenosis, or nerve compression. At Dr. Saket Neuro Clinic, we offer advanced surgical interventions and post-operative rehabilitation to restore mobility and improve quality of life.

Our Back Pain Surgery Services



Spinal Fusion

Stabilizing the spine to relieve pain and correct deformities.



Discectomy

Removal of herniated disc material pressing on nerves to alleviate pain.

Minimally Invasive Spine Surgery

Advanced techniques for smaller incisions and faster recovery.

Frequently Asked Questions

When is surgery recommended for back pain?

What is the recovery time?

Are minimally invasive surgeries effective?
